# Adimaker'23

**It is a 3D printing (additive manufacturing) fair, aimed at both the general public and professionals in the industry.**

The fair will offer a unique opportunity to discover the latest innovations, network, and engage in talks with makers and professionals from various potential markets related to the industry.

ADIMAKER'23 is starting to be supported by an advertising and communication campaign to promote it starting from the month of April.

## VENUE

**The Multi-Purpose Room**, located at the Tenerife Fairground, will be exclusively managed by **CLICK COMUNICACIÓN** for the installation and contracting of stands, as well as the provision of furniture and complete customization and logistics for this space.

It will have emergency and self-protection plans in place, as well as cleaning, security, liability insurance, and on-site medical personnel to ensure the smoothest development for the peace of mind of exhibitors and attendees.

## STANDS

**UNIFIED AESTHETICS AND CREATIVE FREEDOM** to facilitate event uniformity while allowing each exhibitor freedom, minimum structural requirements with basic customization have been established for contracting. There are guidelines for the use of the remaining space with freedom within safety measures.

Here, you can see photographs of other setups that have been created using these structures, and you can request expansions of both space and customization with the organization.

## FACILITIES AND EQUIPMENT

## TALKS, NETWORKING...

*And a touch of humor too!*

with  
Aarón  
Gómez

**Adimaker'23** will feature relevant presentations in the field of additive manufacturing (3D printing), allowing attendees to learn about the latest trends and advancements, make new contacts, and disseminate information to both the general public and professionals. These presentations will be updated in the current dossier and communicated to all interested parties.

Additionally, there will be dedicated **networking** moments exclusively for professionals, facilitating the exchange of ideas and the creation of collaborations among key players in the industry.

## LOCATION AND TRANSPORTATION

**Adimaker'23** fair will take place on Thursday, **October 19**, and Friday, **October 20** at the **Tenerife Fairground**.

The nearest airport is **Los Rodeos** Airport in Tenerife North, which has taxi stands and buses (known as "guaguas") heading to the Intercambiador ([line 20](#)). The more distant **Reina Sofía** Airport is located in Tenerife South ([line 711](#)).

**The bus station** (guaguas) is a multimodal interchange that provides connections with the tram and parking facilities, making it convenient for attendees to access the fairgrounds on foot.
